Public Facilities	30.2%
Infrastructure	52.9%
Public Services	0.7%
Housing Rehabilitation	16.2% (also addressed in Consortium Plan)

All CDBG projects and proposed accomplishments are listed in the 2020 charts, "Listing of Proposed Projects."

#### **GEOGRAPHIC DISTRIBUTION**

Given the national funding objectives and the specific priority needs identified by each community, dollars are targeted to areas generally comprised of low-income families, a high incidence of poverty, areas in need of revitalization or stabilization, and other characteristics of regions in need.
